TO RAISE MONEY FOR A HOSPITAL	
AMERICAN WOMEN'S HOSPITAL ASSOCIATION STARTS DRIVE IN TONOPAH FOR FUNDS	
To secure the funds necessary to acquire, equip and maintain a base hospital on the fighting front manned by a staff of women physicians on plans similar to the famous Scottish women's hospitals, a national movement has been started for an American Women's Hospital association. The organization is composed wholly of the women doctors in the United States. Its object being the relief of the European sufferers through hospital, dispensary and civilian work. The work is directly under the supervision of the Red Cross and through the influence of that organization many find positions in the A. W. H. association.	
Dr. Anne De Chene of Tonopah, a member of the American Women's Hospital association, has been asked to look after the raising of funds and as a representative of Nevada she expresses the hope that the residents of Tonopah will encourage her efforts along that line. A subscription list headed by R. J. Highland, representing the Red Cross, has already been started and any wishing to donate funds to this work are requested to deposit them with the donor's name in the Tonopah Banking Corporation bank or leave them with Dr. De Chene personally.
